Dear Secretariat

On behalf of Asian Media Centre, I wish to extend our support to the Australia-China Chamber of Commerce and Industry (ACCCI) bid to host the 2013 WCEC in Sydney.

China is now Australia's most significant two-way trading partner. Total trade between Australia and China was valued at A\$83 billion during the last financial year, a 30 per cent increase over the previous financial year.

Australia is one of the very few countries globally to enjoy a trade surplus with China. This reflects the strength of Australia's export performance in the Chinese market, especially in the resources sector.

Australia also maintains very strong trade and economic relations with the ASEAN countries, North America and the European Union in which there are historical and significant overseas Chinese business communities.

We believe Sydney would be the ideal venue for the WCEC with its state of the art facilities and innovation and technology capabilities for business. Delegates from around the globe would have a most enjoyable experience.

We would be delighted to be involved as a media partner and assist ACCCI to host a successful 2013 WCEC in Sydney.

Best wishes,

Mimi Chau
